

CHEMICAL ENGINEERING

# PETRO PEOPLE REMAIN THE ATTRACTION

Though IT services companies recruit in larger numbers, petrochemical companies do take a sizeable number of Chemical Engineers...

SUDESHNA DATTA

Executive Vice President & Co-Founder,  
AbsolutData Research and Analytics

Hiring from campus essentially is about hiring for potential and hence it involves a battery of tests apart from Pls. Hiring experienced resource is fairly customized for various skills and roles. What we essentially look for in our potential hires is a mix of strong problem-solving abilities, client servicing mind-set and gravitas, apart from expertise in their core skills
